Knowledge is Power

**Data leads to Information, and Information to Knowledge
CAPTURE is where this transformation takes flight**

BizTech Solutions, Inc. can help you to harness the power of your data with our award-winning Capture Solutions. Through analysis of your processes, we identify bottlenecks and inefficiencies. Using process modeling tools and best practices for "As is" & "To be" Analysis, we map alternative solutions for improving your access to information while preserving your investment in existing systems.

- Paper Document Capture and Routing
- Internet Form Capture and Routing
- Fax Server Capture and Routing
- Intelligent Data Capture and Routing
- Intelligent Forms Recognition
- Check and Remittance Processing
- Invoice Processing
- Document Management
- Records Management
- Content Management

CASE STUDY: Purchase Requisition Capture and Routing @ ENSR

BizTech's ProSeries/ProGateway Suite facilitates intelligent data capture and routing of incoming requisitions and invoices for ENSR, a global provider of environmental energy services. By integrating document management and workflow with their existing ERP system, ENSR is able to generate comprehensive reporting to support revenue and expense management in real time.
